COMMUNICATION

I possess strong communication skills that enable me to effectively collaborate with team members, designers, and clients. I can clearly explain technical concepts to non-technical stakeholders, gather and analyse requirements, and ensure smooth coordination throughout the development process. My ability to listen actively and provide clear updates helps in delivering high-quality software solutions on time.

WORK EXPERIENCE

- Developed responsive web and mobile applications using HTML, CSS, JavaScript, Flutter, and Firebase.
- Worked on a Khyber Pakhtunkhwa Fisheries Department application for managing fisheries, fish farms, licences, dams, and water bodies.
- Developed an Education Management/LMS System with Admin, Teacher, Student, and Parent dashboards.
- Worked on an Installment Management System with product management, monthly installments, EMI calculations, and customer profiles.
- Developed a Website Monitoring Platform (WebGuard) for website uptime, SSL, domain, and performance monitoring.
- Used GitHub, Firebase, Android Studio, VS Code, and modern UI/UX practices for project development.
